- Dimock: Region 3 activities at this site continue. Specifically, water deliveries continue to the homes previously identified. In addition, analysis and evaluation of data from the sampling program continues. On February 22, Region 3 personnel, including regional counsel, participated in a meeting with Cabot's counsel and PA DEP officials. During the meeting, the participants discussed various aspects of the on-going site activities, anticipated future activities and the continued evaluation of the data from Cabot provided through the 104(e) request from EPA. On February 23, Region 3 personnel provided an update on the activities at the site to several Congressional committees and member offices.
